BY STAFF STAFF

Riverside – The U.S. Environmental Protection Agency has scheduled a community meeting for 7 p.m. Tuesday, Dec. 10, to discuss pollution issues in the Valley Pike neighborhood.

The meeting will be held at Stebbins High School, 1900 Harshman Road.

The U.S. EPA is investigating a pollution issue called “vapor intrusion,” which occurs when underground pollutants give off dangerous gases that can rise up through the soil and seep into buildings through foundation cracks and holes, causing unsafe indoor air pollution.

The initial area of concern is Hypathia Avenue, Bushnell Avenue, Rondowa Avenue and Pleasant Valley Avenue.

For more information, call 312-886-4359 or email narsete.virginia@epa.gov. STEVEN MATTHEWS
